Program Licence

GPSoftware provides this program and any updates under the terms set out below and licenses its use in Australia and abroad. ***You assume responsibility for the selection of the program to achieve your intended results, and for the installation, use and results obtained from the program.***

Warranty

All care has been taken to ensure that the programs perform the functions as set out in this manual. However, GPSoftware provides the program 'AS IS' and makes no express or implied warranties with respect to the software, its documentation, performance, or merchantability. Should the medium on which the program is supplied fail within 90 days of purchase by the original purchaser, GPSoftware will provide a replacement copy for the cost of the disk plus postage, provided the original disk is returned to the address below (shipping prepaid and properly packed). Proof of purchase (a copy of, or reference to, the original Registration Card) must accompany any request for warranty.

Technical Support

At the discretion of GPSoftware, any and all warranty or technical support is available only to the *original purchaser* of this package.

Please contact your local GPSoftware distributor in your local country for Technical Support in the first instance.

Program Licence

Directory Opus 5 is supplied under the following conditions. If you do not agree to abide by these conditions, you must return the package to the place of purchase together with the disk package unopened and a full refund will be given. ***You accept responsibility for the serial numbered version of the software supplied in this package.***

GPSoftware will institute legal action against any individual, company or organisation found to be creating, duplicating, selling, or distributing in any manner, unauthorised copies of this software or its associated user manual.

You may a) Use the program on a single machine at a specific site only, unless a multiple site licence has been negotiated at time of purchase from GPSoftware; b) Make a maximum of one copy of the software for your own personal backup purposes only. If you transfer the program to another party, you must at the same time transfer all copies to the same party or destroy all copies not transferred.

YOU MAY NOT USE, COPY, OR TRANSFER THE PROGRAM OR MANUAL, OR A COPY, IN WHOLE OR IN PART, EXCEPT AS EXPRESSLY PROVIDED. IF YOU TRANSFER POSSESSION OF ANY COPY OF THE PROGRAM TO ANOTHER PARTY, YOUR LICENCE IS AUTOMATICALLY TERMINATED.

Jon and I wish to extend our grateful thanks to numerous people who have contributed in various ways to the production and development of this package. In particular, we express our appreciation for the patience and perseverance of those who assisted in the Beta testing process and those who provided useful comments on the many new concepts found in the final product. Thanks to Mat Bettinson, Andrew Brown, Ted Buchan, Eddie Churchill, Justin Daminato, Leo Davidson, Ross Delaforce, Maurizio Fabiani, Kenny Grant, Seth Harmon, John Hendricks, Kees Huizer, Jim Huls, Paul Kelly, Harvey Laser, Mike Latinovich, Edward Lawford, Andy Leaning, Mike Lorant, Michael Portmann, Ian Rodbourn, Fred Schuchman, Peter Schulz, Keith Smith, Edmund Vermeulen, Richard Waspe, James Wright, Tom Yallowley.

We also thank Stefan Ossowski, George Graham, Shaun Cosgrove and Tony Carmody for their suggestions, encouragement and marketing support.

Thanks also to Bronwyn for support in ways too numerous to mention.

The Directory Opus 5 manual was produced on an Amiga 4000 with WordPerfect 4.1, PageStream 2.2, DPaint, BME and Pageliner. Text was set in PageStream postscript fonts Pala 9 pt, CS Triumvirate 15 and 24, with Ding 24 being used for highlights. Printer's proof output produced by PageStream 2.2 on HP LaserJet 4M under postscript at 600 dpi.
